

# Raising A Reader Program Materials

Raising A Reader's modular system allows you great flexibility in building book bag kits to meet the specific needs of the families you serve. Build a book bag kit by first choosing a **foundation set** of books that is age-specific. Then choose one, two, three, or four **supplemental building blocks** that grow your kit to the desired size, with choices that tailor it to specific languages and cultures.

Available Options	# of Rotating Bags	Possible Settings
Foundation Set	10 Bags & 40 books	Small Family Childcare
Foundation Set +1 Building Block	15 Bags & 60 books	Large Family Childcare
Foundation Set +2 Building Blocks	20 Bags & 80 books	Home Visiting Nurses
Foundation Set +3 Building Blocks	25 Bag & 100 books	Pre-School Classroom
Foundation Set +4 Building Blocks	30 Bags & 120 books	Kindergarten Classroom

**Book Bag Kits** include the same components; they simply vary in number of book bags and books. All kits are designed to have four books per book bag and a foundation set of 40 age-appropriate books that represent a range of genres important for child development.

Begin book kit design by choosing the Age-Range Option of your foundation set:

- ★ 0-2
- ★ 3-4
- ★ 4-6
- ★ 0-6 (titles pulled from above sets)

## Kit Components
