

# Make your own radio

## Supplies

- Cardboard box – Use an empty cube-shaped tissue box, pasta box, or any small box
- Aluminum foil
- Markers or crayons
- Wooden chopstick, stick, or straw
- Scotch tape

## Directions

- Choose a box to be your radio
- Tape it closed
- Use markers or crayons to make the dials and numbers
- Make an antenna by wrapping a straw, pencil or chopstick with aluminum foil and tape it to box
